

12th International MITIP Conference on Information Technology & Innovation Processes of the Enterprises

30-31 August 2010

Centre for Logistics, Aalborg University, Denmark

We hereby invite you to submit a paper for the next MITIP conference organised at Aalborg University, Denmark from 30 to 31 August 2010. The conference aims to enhance the successful work of the previous MITIP conferences, bringing together academia from across the world to meet and exchange their views and experience on the current challenges in the development, implementation and use of information technology and systems applied not only in industry but also in the public and service sectors.

Themes

The following tracks are envisioned, all related to research, practice, and teaching Information Technology and Systems in industrial, public, and service sectors:

- New Business Models (Service, Reverse Logistics etc)
- Sustainability and Green Initiatives
- Design, Innovation and Management
- Product and Asset Lifecycle Management and Costing
- RFID, Mobile Devices and Internet of Things
- Logistics and Supply Chain Management
- Planning, Scheduling and Optimisation
- Warehousing and Intelligent Transport Systems
- Business Intelligence and Value Chain Diagnostics
- IT Integration, Architectures and Reference Models
- Human Factors, Education and Training

Submission of papers

Papers are double blind refereed prior to acceptance for conference proceedings. The following criteria will be used in reviewing the papers:

- Clear statement of aim
- Use of appropriate research method
- Clear presentation of findings
- Originality

The maximum length of the paper is 8 pages. Template for paper set-up is available on the conference homepage (www.mitip.org).

Publication

Final contributions will be published in the official Conference Proceedings (with a registered ISBN).

Best papers will be considered for publication in International Journals including Production Research, Computers in Industry & Production Planning and Control.
